FRESH AIR, TIMES SQUARE

This holiday, plan a different kind of holiday treat and take a trip to the Art Farm in the City. A real jungle within our concrete jungle, the Art Farm has everything to delight children and adults alike. The only interactive indoor farm in New York City, this menagerie includes fish, turtles, pigs, lambs, goats, and rabbits, ideal for city children to experience nature and get a taste of the countryside. *The Art Farm in the City*, 419 East 91st Street, 212-410-3117; theartfarms.org.—E.C.
